

Peach Trees, Jimna 2018

Our April trip was a camping weekend out to Peach Trees, Jimna, for some camping and 4wd driving in the local area. The rain managed to stay away so we managed to get out and have a look around. Lots of the local wildlife came for a visit. This was a great place to take our new members for their first trip away with us.

These are just a few pictures of our trip to Peach Trees, Jimna in April
